- All pets **MUST** be current on all vaccinations. What we at Bulverde Animal Hospital consider current for dogs includes Rabies, DHPP, and Bordetella within the last year. In order for cats to be current, they must have had Rabies, and FVRCP within the last year.
- Pets are fed Purina EN twice daily and given fresh water twice daily.
- Dogs are walked twice a day for 15 to 20 minutes each.
- If your dog stays more than one night, they receive a complimentary bath on the day they go home.
- You are more than welcome to bring food, treats, bones and Toys for your pet. Some beds and blankets are welcome; however since pets often soil beds, they may be removed and washed.
- We can give medications while your pets are staying with us.
